

BOISE STATE UNIVERSITY

WINTER COMMENCEMENT ♦ DECEMBER 19, 2014

BOISE STATE UNIVERSITY

FRIDAY, DECEMBER 19, 2014

PRESIDENT'S MESSAGE

Welcome to Boise State University's 2014 Winter Commencement. This ceremony, in your honor, is our University's finest hour. Your years of hard work and dedication have paid off. The challenges set before you have been met after enduring countless late nights, lectures and exams. Another impressive class of Broncos is ready to make its mark on the world.

To the graduates, we are very proud of you and your accomplishments and we are committed to continually improving the academic profile of Boise State to ensure that you take pride in your alma mater. Boise State University is on the map and on the move. The value of the degree you will receive today will grow along with our reputation as a metropolitan research university of distinction.

To the loved ones of the graduates, take pride in the accomplishments being recognized today given the supporting role you have played in the lives of our graduates. Without your love and support, this celebration may not have been possible at all.

Finally, let us all remember that learning does not stop with graduation. The noble, lifelong pursuit of knowledge, enrichment and enlightenment is critical to a full and meaningful life.

Thank you for placing your trust in Boise State University for your higher education aspirations. On behalf of the faculty, alumni, staff and students, let me be the first to offer a heartfelt congratulations and best wishes for a bright future.

Go Broncos!

Sincerely,

A handwritten signature in black ink, appearing to read "Bob Kustra". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Bob Kustra
President
Boise State University

BOISE STATE UNIVERSITY

Boise State University is a public, metropolitan research university offering an array of undergraduate and graduate degrees and experiences that foster student success, lifelong learning, community engagement, innovation and creativity. Research and creative activity advance new knowledge and benefit students, the community, the state and the nation. As an integral part of its metropolitan environment, the university is engaged in professional and continuing education programming, policy issues, and promoting the region's economic vitality and cultural enrichment.

Boise State University aspires to be a research university known for the finest undergraduate education in the region and for outstanding research and graduate programs. With its exceptional faculty,

staff and student body, and its location in the heart of a thriving metropolitan area, the university will be viewed as an engine that drives the Idaho economy, providing significant return on public investment.

Four core themes have been established to achieve the goals and mission of the university. These are:

- **Undergraduate Education.** Our university provides access to high quality undergraduate education that cultivates the personal and professional growth of our students and meets the educational needs of our community, state and nation. We engage our students and focus on their success.
- **Graduate Education.** Our university provides access to graduate education that addresses the needs of our region, is meaningful in a global context, is respected for its high quality, and is delivered within a supportive graduate culture.
- **Research and Creative Activity.** Through our endeavors in basic and applied research and in creative activity, our researchers, artists, and students create knowledge and understanding of our world and of ourselves, and transfer that knowledge to provide societal, economic, and cultural benefits. Students are integral to our faculty research and creative activity.
- **Community Commitment.** The university is a vital part of the community. Our commitment to the community extends beyond our educational programs, research and creative activity. We collaborate in the development of partnerships that address community and university issues. The community and university share knowledge and expertise with each other. We look to the community to inform our goals, actions and measures of success. We work with the community to create a rich mix of culture, learning experiences and entertainment that educates and enriches the lives of our citizens. Our campus culture and climate promote civility, inclusivity and collegiality.

With an enrollment of 22,000 students, Boise State is a progressive learning-oriented, student focused university dedicated to excellence in teaching, innovative research, leadership development and community service. These students are benefiting from a renewed emphasis on the undergraduate experience and reaching graduation day better prepared for the challenges of the 21st century.

THE 2014 PESKY AWARD *for* INSPIRATIONAL TEACHING RECIPIENTS

ALAN AND WENDY PESKY are ardent supporters of improved education who want to recognize extraordinary teachers who ignite a fire in their students. Because of their passion, they have created the Pesky Award for Inspirational Teaching to honor four distinguished Idaho K-12 teachers and their schools.

Holly Kartchner

Blackfoot High School (Blackfoot, Idaho - Blackfoot School District), 12th grade teacher • United States Government

Holly Kartchner is a very inspirational person. She is not only the 12th grade government teacher at Blackfoot High School, but she is also the We the People coach, a huge community service advocate at the school, and the organizer of a school wide recycling program. Holly dedicates much of her own time to make her school a better place and her students independent thinkers. She cares for every student that walks through her door and makes sure that he/she knows how valuable he/she is. From my time with her, she taught me the value of education and staying informed but even more importantly, she taught me how to be myself. Because of the feelings of self-worth and drive that she helped me and countless others gain, I decided to become a teacher. I want to inspire children in the way she did for me. Holly should be recognized because she dedicates so much time in and out of the classroom in order to teach her students valuable skills. She was my favorite teacher and I am going to work very hard to be a teacher like her.

Nominated by Megan Dalley

Herby Kojima

Eagle High School (Eagle, Idaho - West Ada School District), 9th grade teacher • Speech Communication

After spending time with Herby Kojima and learning how to teach and manage a classroom, I have realized the importance of having teachers who will stay strong when values and political views within the state are wavering. I want to be the teacher who is able to provide my students with everything they need to succeed. Herby is supportive of his students dreams, goals, and aspirations in their life. He does whatever it takes or is needed to provide that student with the materials/skills they need to reach their goals. The love that he has for his school, his job, his subject, and his students is unreal. Not only has Herby inspired me but he has also inspired many other students to work hard and do their best. Herby has been dedicated to the Boise State University's teacher education program by welcoming many student teachers into his classroom and providing them with the knowledge to go out and be successful in their own careers. Herby is, and will always be, a great mentor, teacher, leader, and friend. I aspire to one day be as great of a teacher as he is and inspire others to achieve greatness in their lives.

Nominated by Kelly Lester

Robbie Miller

Camas County High School (Fairfield, Idaho – Camas County School District), 6,7,8,9th grade teacher • Math, Science, Health

Robbie Miller gave me my first taste of teaching. I was his Teacher's Assistant my senior year of high school and I would come in during his sixth grade math class. During one class, he turned to me and asked if I wanted to teach the students what variables were. Without any sort of lesson plan, I used what I already knew and used in Algebra II to teach the students. It was so exciting how, little by little, I could see the spark in each student as they understood. The greatest part was that Mr. Miller sat at his desk and watched what I was doing, not doing any other work that he could be catching up on. It was like he was also learning, and from me! What I appreciated, even now, was that he didn't interrupt what I was doing. It wasn't until the end of the class period that he came up to me and gave me advice on how to improve. A few more times in the semester, we co-taught some lessons, and he helped me improve. He never was negative and he seemed to know before I did that I would be good at teaching. Mr. Miller has that persona that makes students want to be there, even with the workload that comes with math and science. His standards are high, but he is willing to give whatever support the students need to reach them. Being a teacher in a small school, Mr. Miller also has to wear many hats. When I was there, he was my junior high math and science teacher, my junior high volleyball, basketball, and track coach, and my high school health teacher. His attitude is contagious, and even when you are not doing as well, you are optimistic and determined to improve for him.

Nominated by Megan Stampke

Andrea Symmonds

Bishop Kelly High School (Boise, Idaho – Boise Independent School District), 11th & 12th grade teacher • English, Creative Writing, Senior Seminar

Andrea Symmonds taught me that teaching goes beyond the administration of curriculum, classroom material, and hand-me-down teacher style guides. Her passion illuminated my desire to learn, and my desire to become the person I am today. She showed me that I could do just the same for my own students as an educator, and that led me to continue in my pursuit of my goals and dreams as an English educator. It wasn't until my class with Mrs. Symmonds that I was enlightened at the prospect of continuing my pursuit of sharing and collaborating on these ideas with students as an English teacher. It doesn't take a master to teach, but it takes a master to teach well, and this is exactly what Mrs. Symmonds does. She is a master of her field, dedicated to its vision, and its continued effect it can have on students: opening a new world and perspective beyond what they ever thought capable. When it came to the presentation of classroom content, other teachers just couldn't compete. Beowulf and Grendel from the classic text Beowulf, written in Anglo-Saxon times, would literally come to life when she read to us aloud in the classroom. A microcosm of our communities, a classroom informs individuals of their place within the world that awaits. With the teacher being the guide, it only makes sense they should be celebrated, especially a teacher as dedicated and kind-hearted as Mrs. Symmonds, who has played an integral role in the growing up and success of each and every one of her students.

Nominated by Stephanie Scheibe

STUDENT SPEAKER

Lauren Bramwell from St. Anthony, Idaho, is graduating with a double degree in Communication and Political Science with an emphasis in Public Law and Political Philosophy.

Bramwell's zest for learning and enthusiastic participation in the classroom have impressed her peers and professors alike.

"Lauren has impressed us as not only a highly talented student in our courses," said Ross Burkhart, Department of Political Science, "but also as a charismatic and highly positive representative of Boise State, throughout Idaho and across the U.S."

Bramwell utilized her public speaking skills to become a leader of the national champion Talkin' Broncos university forensics team. She frequently took top honors in public debate and is recognized as one of the top public speaking competitors in the nation.

She has attained considerable academic achievement, earning a 3.94 GPA in a challenging undergraduate curriculum that includes courses in American government, comparative politics, judicial enthusiasm, public policy and statistics.

"She excels in all of them, and does so with a notable level of enthusiasm, preparation and participation in classroom discussion with appropriate, forward-moving remarks and observations," said Burkhart.

In addition to her academic and competitive accomplishments, Bramwell supported herself during her undergraduate career working as the assistant director of forensics at Columbia High School in Nampa and as a peer advisor for the Department of Communication. She is very committed to service in the community, volunteering many hours to agencies including the American Red Cross, Idaho Food Bank, League of Women Voters, serving as a team captain for Relay For Life, organizing multiple food drives for local food banks and serving as a volunteer for legislative campaigns throughout the community.

She has acquired increasing levels of leadership responsibilities through her undergraduate career serving as president for both the Idaho Epsilon Chapter of Pi Kappa Delta and Boise State's Chapter of Lambda Pi Eta Honor Society, as well as the captain of the Talkin' Broncos. She is a member of the Pre-Law Society and was a presenter on transgender discrimination in the workplace at the Northwest Communication Association Research Conference. In 2013 she was awarded an internship with the Office of the Governor.

Bramwell was a recipient of numerous scholarships, including the Jeker Trust Forensic Scholarship, Pitman Communication Scholarship, Stephanie Witt Political Science Scholarship and Dr. Keiser Public Affairs Scholarship.

"Lauren was a rural Idaho kid who came to Boise State and became what we want all of our students to be — smart, grateful for opportunities, involved, responsible and accomplished," said Manda Hicks, Department of Communication.

Following graduation Bramwell is applying to law school to eventually pursue a career in public interest law focusing on non-profit or impact litigation for women's rights and gender equity.

"I have had the opportunity to learn from phenomenal mentors and faculty. I have developed great friendships and I have been able to engage with course material in such a rich and meaningful way. Without a doubt, my time here has provided me with life lessons and memories that I will cherish forever," Bramwell said.

CEREMONIAL TRADITIONS

The Commencement exercise is a fitting conclusion to a successful academic career and earning of a university degree. The ceremony is based on 800 years of academic tradition handed down from European universities of the Middle Ages. Commencement ceremonies, with their academic gowns, mortarboards, tassels, hoods and maces, are colorful, festive and dignified. It is a ceremony to recognize the successes of the University and the students who merit degrees.

ACADEMIC PROCESSION

The academic procession is a featured part of the commencement program – a symbolic declaration that all members of the academic community are bound by a common purpose and shared commitment to the ideals of higher education, including the search for meaning, truth and understanding.

The presidential party – the president, the provost, the vice presidents, and deans – is led by a mace bearer, who is a faculty member and the president of the faculty senate.

THE MACE

The mace, generally made of wood and clad in metal, was used as a weapon during the Middle Ages. The mace has evolved into a symbol of authority and is carried at commencement and at ceremonies where honors or degrees are to be awarded.

ACADEMIC ATTIRE

The caps, gowns, and hoods in the processional are symbolic of the Middle Ages. Because universities developed from church schools, both faculty and students were regarded as part of the clergy and wore clerical clothing based on monastic dress.

The traditional hat developed from the skull cap worn in cold weather. In Europe, a bonnet with tassel is still worn, but in America it has been replaced by the mortarboard cap or tam with tassel. The bachelor's gown, with its long, pointed sleeves, is worn closed. The master's gown has an oblong sleeve open at the wrist; the rear section is square cut. The doctor's gown often was furred, a decoration that survives today as the velvet on the front and sleeves.

The tassel colors seen in the processional correspond to the field of study.

THE MASTER'S HOOD

The academic hood was originally worn over the head in bad weather. Now, it is added to the apparel of those who earn master's and doctoral degrees.

The colors on the hoods represent two things: the wearer's Alma Mater and the department of learning. The silk lining is in the colors of the college or university granting the degree. The velvet trim is the color that represents the departments of learning in which the degree was obtained.

The academic hood, presented by Boise State University's Graduate College, displays a blue and orange chevron, denoting the University's colors. The color of the velvet border represents the field of study in which the degree is awarded.

ANNOUNCEMENTS

Guests and family members must remain in the seating areas during the entire ceremony, including the processional and recessional, and will not be allowed on the arena floor.

Elevators are available at Entrances 1 and 2.

For medical emergencies or care, please check with ushers.

Immediately following the ceremony, faculty and graduates will proceed in the recessional through the Honor March to the reception in the Jordan Ballroom, Student Union Building. Each college will have a specially designated area where family and guests can meet graduates.

Frank Church High School is an alternative public secondary school in Boise, Idaho, operated by the Boise School District. Frank Church graduates roughly 150 students each semester. All of the students are considered “at risk” by the District. Issues like food insecurity and homelessness are daily struggles for many of these kids. Despite their hard work, many of these students do not walk in their graduation ceremony because they simply cannot afford the \$25.00 cap and gown. You can help by donating your regalia after commencement. Collection boxes will be available at the post commencement reception until 2 p.m., or bring your regalia to the Registrar’s Office anytime Monday – Friday 8 a.m. – 5 p.m., December 29, 2014 - January 9, 2015. Your donation will help provide a solution for Frank Church graduates for years to come.

ACKNOWLEDGEMENTS

The Commencement Committee expresses its special appreciation to Edwards Flowers for providing the flowers for the ceremony; Communications and Marketing; Conference and Dining Services; Facilities Operations and Maintenance staff; Nicole Nimmons and the Parking staff; Noah Bard of PSI and his crew for furnishing the audio/visual/lighting for the ceremony; and Shannon Reed, Ron Janeczko, and the Taco Bell Arena staff whose hard work and dedication make the ceremony run smoothly.

A special thanks goes to Ann Price, Special Lecturer, Theatre Arts, and Richard Klautsch, Professor and Department Chair, Theatre Arts, for the monumental task of reading the names of each graduate.

The honor color guard is provided by the Cadet Bronco Battalion, Army ROTC, Boise State University under the direction of MSG Lauifi Fa’Apouli.

City of Boise Police Pipes and Drums consists of Boise Police Officers and volunteers. They are under the direction of Sgt. Rob Gallas.

Boise Police Honor Guard members are Jared Bish, Casey Hancuff, and Mike Riley.
